

STUDENT ALLIANCE FOR EQUALITY

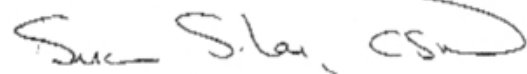

Dear Jeff, Emily and Carlo,

What can we say except that "Building Houses on the Moon" was everything that we, as an organization and personally, could have ever hoped for? It was powerful and funny, it made us laugh and it made us cry, it made us, and others, think....

We want to thank you for the performance and tell you how it has helped us as a gay-straight alliance. Students in our school and the other schools who attended have all reported what a positive experience it was and how much they enjoyed the show. The enthusiasm that it generated in our school has resulted in many new members for our club and also helped us build towards increased participation for our next event, which is the national Day of Silence on April 9.

Your performance, and the student and faculty's overwhelmingly positive response to your performance, emphasized the message that it is time for shows like "Building Houses on the Moon" to have their time on stage to share their experiences and message. We thank you on behalf of all LGBT students and their allies.

Sincerely,

KAREN D'ARICE, SAFE
PRESIDENT
